

United States[®] Census 2010

The U.S. Census Bureau
is issuing a call to action for
every resident of our nation:
“**BE COUNTED IN 2010.**”

The Census: A Snapshot

- ▲ **What:** The census is a count of everyone residing in the United States.
- ▲ **Who:** All U.S. residents must be counted—people of all races and ethnic groups, both citizens and non-citizens.
- ▲ **When:** Census Day is April 1, 2010. Questionnaire responses should represent the household as it exists on this day. More detailed socioeconomic information will be collected annually from a small percentage of the population through the **American Community Survey**.
- ▲ **Why:** The U.S. Constitution requires a national census once every 10 years. The census will show state population counts and determine representation in the U.S. House of Representatives.
- ▲ **How:** Census questionnaires will be delivered or mailed to households via U.S. mail in March 2010; many households will receive a replacement questionnaire in early April. Census workers also will visit households that do not return questionnaires.

A Complete Count: The Importance of Census Data

- ▲ Every year, the Federal Government can allocate more than \$400 billion to states and communities based, in part, on census data.
- ▲ Religious organizations and institutions use census data to determine locations for new facilities, secure grants and connect with potential new members.
- ▲ Census information guides funding decisions for important community facilities, such as schools, hospitals, child-care centers, and more.
- ▲ Census data can be used to write proposals for grants that benefit your organization/institution.
- ▲ Census data affect your voice in Congress as well as the redistricting of state legislatures, county and city councils and voting districts.

2010 Census Questionnaire: Quick, Easy and Confidential

- ▲ With only 10 questions, the 2010 Census questionnaire is one of the shortest questionnaires in history and takes just 10 minutes to complete.
- ▲ By law, the Census Bureau cannot share an individual's census questionnaire responses with anyone, including other federal agencies and law enforcement entities.

THE 2010 CENSUS IS IMPORTANT.

It determines the distribution of more than \$400 billion annually of government funding for critical community services. It generates thousands of jobs across the country. And it impacts your voice in Congress.

YOU CAN MAKE A DIFFERENCE.

As an influential faith-based organization leader, you can ensure the people you represent are fully counted. With your help, the Census Bureau will continue to produce accurate data, which will directly affect the quality of life in your community.
