

**STATEMENT OF CANDIDATE FOR
STATE ASSEMBLY, DISTRICT 3**

Dan Logue

Education and Qualifications:

There's a reason why Howard Jarvis Taxpayers Association and the California Small Business Association support Dan Logue for reelection to the Assembly.

They know that Dan Logue has **consistently opposed higher taxes** and fought excessive spending and the out of control regulation that is choking California businesses and killing jobs. Dan Logue is working to **eliminate government waste**, and **bring jobs to California**.

"In the Assembly, Dan Logue helped lead the charge to fix California's struggling economy by working to change California's hostile business and regulatory environment. He has been a key supporter and friend to California's small businesses." – Betty Jo Toccoli, President, California Small Business Association

Dan Logue signed the **NO New Taxes** pledge and **opposed all efforts to raise taxes** and weaken Proposition 13. To help reduce the oppressive regulations that choke our business economy and kill jobs, he is leading the effort to **suspend AB 32**, California's Global Warming law.

"Dan Logue has been one of the strongest voices for jobs and business in California. He has worked tirelessly to revive California's economy and create job growth. He knows that small business is the key to California's recovery."

– John Kabateck, Executive Director, National Federation of Independent Business/CA

In the words of President Reagan, "Man is not free unless government is limited."

Please give your support and your vote to Dan Logue for State Assembly.
