December 23, 2019

RE: Lassen County Proposed Septic Policy to which is proposed to be presented to the Lassen County Board of Supervisors on January 21, 2019.

This policy, known as the Lassen County Local Agency Management Program (LAMP), is about to be implemented. The policy was developed in cooperation with Lassen County Environmental Health Department, and the California Regional Water Quality Control Board, Lahontan Region.

This policy, once adopted by both the Lassen County Board of Supervisors and the Regional Water Board, and put into the Lassen County Ordinance, will regulate how Onsite Wastewater Treatment Systems, aka Septic Systems, are designed, approved and installed.

Lassen County Environmental Health is seeking public comment regarding the implementation of this program. The LAMP can be reviewed on the Lassen County web site at:

<http://www.lassencounty.org/dept/environmental-health/environmental-health>

A copy of the LAMP can also be reviewed at Lassen County Environmental Health, 1445 Paul Bunyan Road, Suite B, Susanville, or the Lassen County Planning and Building Services at 707 Nevada Street, Suite 5, Susanville.

Please submit all comments to the Lassen County Environmental Health email address: ehe@co.lassen.ca.us by January 17, 2019 for comments to be considered.

We appreciate the public's assistance in this process.

Kenneth Korver, MD
Lassen County Health Officer

Ellen Cognina, REHS, Director
Lassen County Environmental Health Department
